

Thomas Jefferson High School for Science and Technology

Intranet Posting Agreement

August, 2003

Dear Parents, Guardians:

TJHSST offers an exciting feature of web services called the student Intranet that was been engineered and authored by seven former students at TJHSST, and continues to be maintained by current students. This service includes practical functions related to school life:

- Eighth period activities sign up
- Access to email accounts
- File transfer to and from school accounts
- A database listing what colleges TJHSST students attend or plan to attend
- A student directory

Because of privacy issues related to information contained in the student directory, your consent is required in order for your son or daughter's directory information to be posted. All information posted on the Intranet is available only to TJHSST staff and students, and is NOT available via the Internet. Please take a moment to review the form below with your son and/or daughter and indicate which of the listed components you authorize to be posted.

Please have your student(s) return this form on the first day of school to their Teacher Advisor.

Thank you for your attention to this matter. We hope you take as much pride in the remarkable accomplishment of the student Intranet as the staff and students do.

Sincerely,

Elizabeth V. Lodal (Principal)

Student Name (please print):

Date: _____

(Last) (First) (Middle Initial)

Student ID# _____

Please check (✓) one item to indicate whether to add the following information. NOTE: leaving the space blank means you **DO NOT** want this information posted.
